

Presbyterian Church of the Cross Omaha, Nebraska

We have served as an official PDA Host Site for hundreds of volunteers since the historic flooding in 2019. PDA has recently closed our site because the reconstruction and relief work at Kings Lake is completed! We rejoice in that and are thankful for the many volunteer groups who came to Omaha to help with the rebuilding of homes.

Our church is not ready to close our doors to other volunteers who would like to do mission work in the Omaha area. We still want to share our facility and gift of hospitality. There are numerous organizations who welcome volunteers, both youth and adults, and have meaningful work for them to do in our community. Church of the Cross would love to host more volunteer groups and we want to get the word out to surrounding churches, Presbyteries, and Synods.

If you know of any churches looking for a place to sleep and cook their own meals, while working on various mission projects during the day, please pass along our contact information. We welcome all youth groups, adult groups, and intergenerational groups who have a passion for mission work.
